

Task Center enables paperless administration of retirement plan tasks

Get to know our fully digital workflow management platform

Task Center gives you easy access to view and manage retirement plan contributions online. New participant enrollments and deferral changes will trigger an email notification, eliminating the need for paper payroll change notices.

Adopt Task Center today to unlock these benefits:

Reminder emails and alerts to help you stay on track

Efficient delivery of tasks to eliminate paper payroll change notices

Consolidation of multiple touchpoints to save you time

The ability to claim tasks to notify other users that work is in progress

Setting up Task Center is fast and easy
